

Felipe Teran, MD
Department of Emergency Medicine
Hospital Padre Hurtado
Clínica Alemana - Universidad del Desarrollo

June 22nd, 2011

To Whom It May Concern;

It gives me great pleasure to introduce to you, Fernanda Blaskovic, an outstanding medical student from Universidad del Desarrollo (Chile), whom I have had the opportunity of knowing during the present year when she was one of my students at the Clinical Examination course for Medicine.

Fernanda is currently a third year medical student. During the period of eighth weeks she spent under my supervision I could clearly notice that she is not only a devoted clinician but also a very dedicated and enthusiastic person. She really seeks to learn the most out of each clinical experience she has.

I also had the opportunity to learn about other very diverse personal interests she has. Worthy to mention, is the fact that she actively participates in many sport and cultural activities, efficiently combining her time between her academic duties and her other life interests such as sports and social service.

I am sure Fernanda will be an excellent Physician. From my knowledge, she has the highest ethical, team based and moral standards we can ask for a medical student.

I strongly recommend Ms. Fernanda Blaskovic for a Clinical Exchange in your institution. If I can be of any further help, please do not hesitate to get in touch with me.

Sincerely,

A handwritten signature in black ink, appearing to read 'F. Teran', with a stylized flourish at the end.

Felipe Teran, MD

Associate Instructor
Clinical Examination and Physical Assessment Fundamentals Course
Department of Emergency Medicine, Hospital Padre Hurtado
Clínica Alemana – Universidad del Desarrollo School of Medicine
